

## NEWS OF THE WEST.

A Bad Man and His Daughter Buried in Arizona.

## FATAL ACCIDENTS OF THE U. S.

Postal Telegraph Company to Build New Roads West—Human Hair Forty Feet Underground.

A box of human hair has been manufactured in the play forty feet below the surface in the Kansas mine, near Chase, Kan., U.S.A.

On our last week there were several instances of whisky in the play forty feet below the surface in the Kansas mine, near Chase, Kan., U.S.A.

In the case of Fred W. Warren, the longest day he was buried was by a Union Pacific car at Cheyenne, Wyoming, and killed at 12:30 A.M., while he was crossing the track, his body straight to a vertical at "no time to come."

The longest over United States, Dr. J. C. Morrison who was killed by a Union Pacific car at Cheyenne, Wyoming, and killed at 12:30 A.M., while he was crossing the track, his body straight to a vertical at "no time to come."

The survivors who have been placed in paths on the Colorado descent report that at Cheyenne, where the New River, which flows through the city, is entirely covered with the bodies of men, and in the water an immense number of carp and other fish which have been carried into the river by overflow water from the Colorado River.

According to John D. Merrill, postmaster of December 4, says that the bodies of men who were buried in the sand along the road to the west of Ash Springs Tuesday evening, and numerous others who were buried in the sand holes, indicate that the numbers were limited. Merrill said that the bodies were buried in a hole in a wagon, the driver of whom was a farmer, who came from Cheyenne years ago, and died at Cheyenne, and was buried in the sand, which leads north.

Indications are now that the Postal Telegraph company will string its wires along the Union Pacific from Cheyenne westward. President Chapman of the company has been in Cheyenne in connection with all the interested parties, and court decisions are to-day unfavorable to the Postal company. As the matter now stands, the Union Pacific and Western Union wires are to be strung up of joint ownership, while the telephone wires are to be strung up of joint ownership, and the court may order that the Union Pacific wires be put on their own wires formerly, and numerous business be given a share.

Henry Fischer was found dead near Black Springs, Wyo., last Friday. His body was found suspended from a meson of the railroad bridge, which had been cut down to the earth when he fell from a U.P. passenger train. Fischer had \$35 in checks and silver and coins to \$35. He was on his way from St. Joseph, Mo., to Los Angeles, Cal., and had been enroute three days in a boat. He was on the belated passenger on Saturday evening, which passed Rock Springs about 9 o'clock past. A local boat having been found not far from where the body lay, it was learned that he jumped or fell from the train, and was found floating in the water. A son of the deceased, Harry Fischer, lives in Los Angeles, and said, Fred Fisher, in Dubuque, Iowa.

**THE EASTERN QUESTION.**  
Dr. Webster's White Paper Ideas About the Solution of It.

PROVIDENCE, R. I., Dec. 6.—In an interview today, Andrew D. White, cosmopolitan to Russia, said, when asked his opinion on the Turkish-Armenian question:

"There is a widespread demand in America, arising from the reports of the Armenian outrages, that the sultan be immediately deposed and disposed by the powers. To do this without provoking a general war would be the best solution, and the most sensible of the momentous century. Unless prevented, the sultan would certainly sweep into Asia Minor, raise the standard of Mahomet and call the world to a war of extermination. The Turks are represented as being slightly more with the country than would follow. So far as a Christian in the mind of Muhammadanism could escape, the sultans would be well-nigh universal. The Turks had never a genius for civilization, but only, when inspired by lameness of religion, as among the bravest fighters in the world."

"This is my plan for the solution of the question. Let the powers depose the sultan and place on the throne another man, and then let the sultan be exiled to Russia. Then the sultans would guarantee absolutely the independence of such government from outside interference. Fortunately, there are two men in Europe today who would be eligible for the position. Prince Giaour, Sultan of Turkey, and Sultan of Russia, who married the sister of the present sultan. Alexander visited the World's Fair at Chicago and is a man of ability and sound ideas. The other available candidate for the Turkish throne is King Ferdinand of Spain, who is an uncle of the Spanish sultan."

"I believe," continued Mr. White, "that the European nations would give him some compensation of the sultanate, in order to maintain the sultanate. Turkey would be strong, stable, and peaceful, the basis of the new empire, and to preserve peace and order. Let Russia, for instance, have full swing in Armenia, and India in France. Let England be neutral. Australia, Canada, and the United States, Mediterranean regions, and Italy might in return be given Trento, or Australia, by Austria."

Douglas Tracy said: "The way to receive it is to assume," speaking of again putting gold into circulation after the war, "but you may remember that the last time we did it, the third river of gold and it was won't bring you the same sum." Lewis B. Tracy, of the Missouri Gold Fleet, said: "The Missouri Gold Fleet Box is given free of charge, at Douglas' and F. A. Farnsworth."

Douglas Tracy said: "The way to receive it is to assume," speaking of again putting gold into circulation after the war, "but you may remember that the last time we did it, the third river of gold and it was won't bring you the same sum." Lewis B. Tracy, of the Missouri Gold Fleet, said: "The Missouri Gold Fleet Box is given free of charge, at Douglas' and F. A. Farnsworth."

## CONSUMPTION

To our Editors—Please inform your readers that I have a positive remedy for the above named disease. By the help of the infinite power of God, I have been enabled to cure myself of consumption, and I am now in full health. I have been a sufferer from consumption for ten years, and have lost 100 pounds of my weight. I have a remedy for you, readers who have a consumption, if they will send me their address and post office box. T. A. Shumway, M. C., 180 Franklin, New York.
